CABIN RENTALS

Some of our cabins are original "turn-of-the-century" buildings that have been transported to Denali Grizzly Bear and carefully restored. Other cabins are reproductions of authentic Alaska cabins. Each cabin is unique and placed into its own wooded setting. You can drive right to your cabin door.

Relax in a clean, heated cabin with a good bed after your day's adventure in the Park. Breathe in the clean, invigorating air of the surrounding snowcapped mountains as you enjoy some munchies (our general store has a good selection of soda, ice cream, beer, wine, spirits and snacks). Relax and watch the river roll by.

Some cabins have all the conveniences of home, while others are more rustic in nature - no need to worry though, as we have centralized restroom facilities with running water and an easily accessible Laundromat. We want your stay to be as enjoyable as possible. However you choose to spend your time, you're sure to enjoy your stay at DENALI GRIZZLY BEAR RESORT. See details and rates on back.

CEDAR HOTEL

Our cedar 119-room hotel at Denali National Park rests on 17 acres of Riverfront property. There are 92 rooms overlooking the Nenana River and every room has a private deck—we also have 27 brand new hotel rooms on the hill providing unobstructed views of the surrounding mountains and Aurora in the fall. Many of our hotel rooms are brand new and all rooms provide an accommodation experience as no other property in Denali can.

Rooms are furnished with in-room coffee, cable TV, hair dryers, two double beds, full bathroom, alarm clocks and more. ADA approved handicap accessible rooms available. Super High Speed WiFi (\$) provided by Tengenot™ is available for all rooms, cabins and campsites. There is a complimentary 1/2 hour trial for this service.

There are many fine restaurants in the Denali Area including two directly across the street. There is a large parking lot, bus turnaround, limited shuttle service for a fee and a very economical taxi service based on the property for your convenience.

CAMPING

All of the Denali Grizzly Bear campsites are clean, well maintained and only a few steps away from the centrally located restrooms, which provide token-operated hot showers, flush toilets, and sinks. There is a new laundromat facility and clean outhouses are provided for a "true Alaskan experience."

Central cooking shelters with campfire circles are open to all campers as campfires are allowed in designated areas only.

Our RV sites are available with an electric/water hookup or a dry site (sorry, no pull-throughs or sewer hookups). We have a sewer dump station for your use and potable water fill up locations available on the premise. Tent sites on the river are "walk-in" sites with vehicle parking nearby.

Denali Grizzly Bear also has Tent Cabins available. They have no electricity and are not heated, but protect you from the elements like no tent can. The tent cabins sleep 2 or 3 and include beds, but you must provide your own sleeping bag. See rates on back.
